

**OFFICE OF THE UNITED STATES
TRADE REPRESENTATIVE**
**Determinations Under the African
Growth and Opportunity Act**

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The United States Trade Representative (USTR) has determined that Rwanda has adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents in connection with shipments of textile and apparel articles and has implemented and follows, or is making substantial progress toward implementing and following, the customs procedures required by the African Growth and Opportunity Act (AGOA). Therefore, imports of eligible products from Rwanda qualify for the textile and apparel benefits provided under the AGOA.

DATES: Effective March 4, 2003.

FOR FURTHER INFORMATION CONTACT:

William Jackson, Director for African Affairs, Office of the United States Trade Representative, (202) 395-9514.

SUPPLEMENTARY INFORMATION: The AGOA (Title I of the Trade and Development Act of 2000, Pub. L. 106-200) provides preferential tariff treatment for imports of certain textile and apparel products of beneficiary sub-Saharan African countries. The textile and apparel trade benefits under the AGOA are available to imports of eligible products from countries that the President designates as "beneficiary sub-Saharan African countries," provided that these countries: (1) Have adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents; and (2) have implemented and follow, or are making substantial progress toward implementing and following, certain customs procedures that assist the Customs Service in verifying the origin of the products.

In Proclamation 7350 (Oct. 2, 2000), the President designated Rwanda as a "beneficiary sub-Saharan African country." Proclamation 7350 delegated to the USTR the authority to determine whether designated countries have met the two requirements described above. The President directed the USTR to announce any such determinations in the **Federal Register** and to implement them through modifications of the Harmonized Tariff Schedule of the United States (HTS). Based on actions that Rwanda has taken, I have

determined that Rwanda has satisfied these two requirements.

Accordingly, pursuant to the authority vested in the USTR by Proclamation 7350, U.S. note 7(a) to subchapter II of chapter 98 of the HTS and U.S. note 1 to subchapter XIX of chapter 98 of the HTS are each modified by inserting "Rwanda" in alphabetical sequence in the list of countries. The foregoing modifications to the HTS are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the effective date of this notice. Importers claiming preferential tariff treatment under the AGOA for entries of textile and apparel articles should ensure that those entries meet the applicable visa requirements. *See Visa Requirements Under the African Growth and Opportunity Act*, 66 FR 7837 (2001).

Robert B. Zoellick,

United States Trade Representative.

DEPARTMENT OF TRANSPORTATION
**Federal Motor Carrier Safety
Administration**

[FMCSA Docket No. FMCSA-2002-13411]

**Qualification of Drivers; Exemption
Applications; Vision**

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: The FMCSA announces its decision to exempt 33 individuals from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs).

DATES: March 4, 2003.

FOR FURTHER INFORMATION CONTACT: For information about the vision exemptions in this notice, you may contact Ms. Sandra Zywockarte, Office of Bus and Truck Standards and Operations, (202) 366-2987, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

You may see all the comments online through the Document Management System (DMS) at: <http://dmses.dot.gov>.

Background

On December 12, 2002, the FMCSA published a Notice of its receipt of

applications from 33 individuals, and requested comments from the public (67 FR 76439). The 33 individuals petitioned the FMCSA for exemptions from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of commercial motor vehicles (CMVs) in interstate commerce. They are: Michael D. Archibald, Howard K. Bradley, Kirk G. Braegger, Daniel L. Butler, Ambrosio E. Calles, Sandy Clark, Jose G. Cruz, Everett A. Doty, Donald K. Driscoll, Donald J. Goretzki, Alf M. Gronstedt, David R. Gross, Thomas L. Hall, Raymond G. Hayden, Harry P. Henning, Bruce G. Horner, Jeffery S. Lathrop, Tommy R. Masterson, Daniel A. McKeon, Ralph J. Miles, William R. New, Kirby G. Oathout, Ronald F. Prezzia, Joseph J. Rettenmeier, Thomas C. Rylee, Stanley B. Salkowski III, Wolfgang V. Spekis, James A. Stoudt, Michael G. Thomas, Brian S. Thompson, William H. Twardus, Ronald J. Watt, and Dale R. Wheeler.

Under 49 U.S.C. 31315 and 31136(e), the FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statute also allows the agency to renew exemptions at the end of the 2-year period. Accordingly, the FMCSA has evaluated the 33 petitions on their merits and made a determination to grant the exemptions to all of them. The comment period closed on January 13, 2003. Two comments were received, and their contents were carefully considered by the FMCSA in reaching the final decision to grant the petitions.

**Vision And Driving Experience of the
Applicants**

The vision requirement in the FMCSRs provides:

A person is physically qualified to drive a commercial motor vehicle if that person has distant visual acuity of at least 20/40 (Snellen) in each eye without corrective lenses or visual acuity separately corrected to 20/40 (Snellen) or better with corrective lenses, distant binocular acuity of at least 20/40 (Snellen) in both eyes with or without corrective lenses, field of vision of at least 70° in the horizontal meridian in each eye, and the ability to recognize the colors of traffic signals and devices showing standard red, green, and amber (49 CFR 391.41(b)(10)).

Since 1992, the Federal Highway Administration (FHWA) has undertaken studies to determine if this vision standard should be amended. The final report from our medical panel
