**AGENCY:** Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for public comments concerning a request for modification of the U.S.-Morocco Free Trade Agreement (USMFTA) rules of origin for women's or girls' swimwear made from certain knit fabric.

**SUMMARY:** The Government of the United States received a request from the Government of Morocco dated March 14, 2019, on behalf of GOTTEX SWIMWEAR BRANDS LTD to initiate consultations under Article 4.3.3 of the USMFTA. The Government of Morocco is requesting that the United States and Morocco (“the Parties”) consider revising the rules of origin for women's or girls' swimwear to address availability of supply of certain knit fabric in the territories of the Parties. The President of the United States may proclaim a modification to the USMFTA rules of origin for textile and apparel products after the United States reaches an agreement with the Government of Morocco on a modification under Article 4.3.6 of the USMFTA to address issues of availability of supply of fibers, yarns, or fabrics in the territories of the Parties. CITA hereby solicits public comments on this request, in particular with regard to whether certain knit fabric can be supplied by the U.S. domestic industry in commercial quantities in a timely manner.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 203 (j)(2)(B)(i) of the United States—Morocco Free Trade Agreement Implementation Act (19 U.S.C. 3805 note) (USMFTA Implementation Act); Executive Order 11651 of March 3, 1972, as amended.

*Background:* Article 4.3.3 of the USMFTA provides that, on the request of either Party, the Parties shall consult to consider whether the rules of origin applicable to a particular textile or apparel good should be revised to address issues of availability of supply of fibers, yarns, or fabrics in the territories of the Parties. In the consultations, pursuant to Article 4.3.4 of the USMFTA, each Party shall consider all data presented by the other Party that demonstrate substantial production in its territory of a particular fiber, yarn, or fabric. The Parties shall consider that there is substantial production if a Party demonstrates that its domestic producers are capable of supplying commercial quantities of the fiber, yarn, or fabric in a timely manner.

The USMFTA Implementation Act provides the President with the authority to proclaim as part of the HTSUS, modifications to the USMFTA rules of origin set out in Annex 4–A of the USMFTA as are necessary to implement an agreement with Morocco under Article 4.3.6 of the USMFTA, subject to the consultation and layover requirements of Section 104 of the USMFTA Implementation Act. *See* Section 203(j)(2)(B)(i) of the USMFTA Implementation Act. **Foreign-Trade Zone (FTZ) 167—Green Bay, Wisconsin; Notification of Proposed Production Activity ProAmpac Holdings, Inc.; (Flexible Packaging Applications) Neenah and Appleton, Wisconsin**

ProAmpac Holdings, Inc. (ProAmpac) submitted a notification of proposed production activity to the FTZ Board for its facilities in Neenah and Appleton, Wisconsin. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 5, 2019.

The applicant indicates that it will be submitting a separate application for FTZ designation at ProAmpac's facilities under FTZ 167. The facilities are used for the production of flexible packaging for food, medical, pharmaceutical, and other consumer and industrial applications. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status material/component and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt ProAmpac from customs duty payments on the foreign-status material/component used in export production (estimated 5% percent of production). On its domestic sales, for the foreign-status material/component noted below, ProAmpac would be able to choose the duty rates during customs entry procedures that apply to plastic pouch stock, paper can liner and pouch stock, and aluminum laminated packaging stock (duty rate ranges from duty-free to 4.2%). ProAmpac would be able to avoid duty on foreign-status material which becomes scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is aluminum foil (with gauges not exceeding 0.051mm) (duty rate ranges from 5.3 to 5.8%). The request indicates that aluminum foil is subject to an antidumping/ countervailing duty (AD/CVD) order if imported from China. The FTZ Board's
