All qualifying products will be duty-free by January 1, 2015. For more information on the agreement, see the [U.S.-Morocco Free Trade Agreement in the FTA section](#).

#### Standards

Mandatory standards currently apply to textile products, and imports require a certificate of conformity from the Textile and Leather Industry Certification Commission (Commission de Certification des Industries du Textile et Cuir).

#### Labeling

For textile and apparel imports it is mandatory that the label include fiber content, country of origin, and size/dimensions. In addition, apparel must be labeled with care instructions. For yarns, the Tex/Decitex measures as well as the Ne number should be indicated on each cone. For fabrics, a separate label with identical information should show on the packaging. Carpets and rugs must be labeled with technical specifications and usage

conditions. It is also compulsory that all labels be in Arabic and French language. Inclusion of the manufacturer and importer information is optional.
